

## Marine Resources Meeting.

November 24, 2009

Deputy George Bradbury in attendance

### Attendance:

Connie Bernier, Michael Bernier Sr., Shelly Wilson, David Wilson  
Walter Moody, Weston Watts, and Vincent Hersey

Walter Moody calls meeting to order at 7:10 pm

Discussion on commercial license holders attending their scheduled conservation dates unless a medical waiver is asked.

Questioning if we should be locked in a reason. Further discussion needed concerning this. Committee should vote on a waiver. (Should it or shouldn't it be waived.)

We are the advisory committee to the selectman, should we included in the decision with waivers?

5 accepted as written, 2 against.

Question concerning Kenny Morgan senior license to be issued to Guy Baker.

License is sitting in limbo, should we reissue it?

Answer: as long as we still have 70 commercial licenses being used. The available commercial license should not be sitting in idol, it could be purchased by an in or out of Towner.

Motion made to issue available Commercial License to Guy Baker. All in favor.

No objections to the Hersey Aquaculture License.

Request to submit a change for no July/August Marine Resource Committee Meetings.

We tabled choosing our conservation dates for the December meeting. No 2010 tide charts available.

Motion to adjourn at 8:20 pm

Connie Bernier
